

It is finished

Lasse Guldbrandsen

It happened a bad day
And I felt like a fool
It had not been easy
To do what I should
And now I have failed
And the ship has sailed
But as I was looking to the ground
I heard a wonderful sound
His mighty voice told me to turn around

And He said:

It is finished

(o-o has to be done)

I have done what has to be done

(nailed your sins to the cross)

(are, **they are gone**)

I have nailed your sins to the cross

And now they are all gone

It is finished (Korsvar)

(lift you head, high)

You can lift your head up high,

I have kept my promises, don't be shy.

But I can't keep my mouth shut

So what shall I do **(shall I do)**

Well I feel that I have to

(I feel that I have to)

Say this to you

(Tell it to you)

So if you have failed

(So if you have failed)

The ship hasn't sailed

(The ship hasn't sailed)

(O-ing)

Cause there is no condemnation

for those who really are in Him

cause His precious blood

can wash away your sins

(it can wash away sins)

And He said:

It is finished (Korsvar)

(o-o has to be done)

I have done what has to be done

(nailed your sins to the cross)

(are, they are gone)

I have nailed your sins to the cross

And now they are all gone

It is finished (Korsvar)

(lift you head, high)

You can lift your head up high,

(I have kept my promises, don't be shy)

On these words **(On these words)**

I can know that I'm forgiven

(I'm forgiven, on these words I know,

I am safe, so safe)

On these words I can know that I'm safe

(O-ing)

On these words I can freely go to heaven

(To heaven.

Jesus Christ with blood, His blood)

`cause Jesus Christ has saved me

with His blood

It is finished (Korsvar)

(o-o has to be done)

I have done what has to be done

(nailed your sins to the cross)

(are, they are gone)

I have nailed your sins to the cross

And now they are all gone

It is finished (Korsvar)

(lift you head, high)

You can lift your head up high,

I have kept my promises, don't be shy.

I have kept my promises, don't be shy.

(don't be shy.)

I have kept my promises

O don't you feel shy
