

Take me by the hand

Samuel Ljungbladh

Refreng

Take me by the hand. I will lead the way night and day.

Take me by the hand. You can trust me to see you through.

Take me by the hand. I can make everything new.

Take me-e-e by the hand.

Come on, just take my hand

Take me-e-e by the hand.

Verse 1:

***I am blessed, I always known that He is real,
that God is real to me.***

To ups and downs, He's still there

to guide me through the things I fear.

Now I have changed, but He's still the same.

And if I fall, He calls me by the name

No matter what I've done till now, I still hear Him say:

Refreng

Take me by the hand.....

Verse 2

In times are good, in times are bad,

Now when I'm happy and when I'm sad

I know this one, that I always can count on.

God is that one - yes my cornerstone.

All that He promised I do believe that if I pray, I will receive.

I close my eyes and pray in His name

And trust me what I hear Him say:

Refreng

Take me by the hand. I will lead the way night and day.

Take me by the hand. You can trust me to see you through.

Take me by the hand. I can make everything new.

Take me-e-e by the hand.

Come on

Take me-e-e

***Now listen! The Bible teaches that God is alfa and omega,
the beginning and the end.***

That God is the creator of this world, and master of the universe.

So me to take His hand

I wanna shout:

Yeah, yeah, yeah x 6 (Call and response)

Take me-e-e by the hand.

People, reach for my hand

Take me-e-e by the hand.

Take me-e-e by the hand.
