

Jesus is all

Fred Hammond

Refreng 1:

Jesus is all the world
the world to me
He is my life
He's **everything** that I've hoped for
He's **everything** that I need
When I am lonely
He gives me comfort
When I'm sad he cheers me
I wanna let you know
If I should fall, (He'll never leave me)
He lifts me up
And When I am empty
He fills my cup, yeah

Verse 1:

I was thinkin bout the time when I
I didn't have a dime
I **thought** if I could **just get paid**
I would be just **fine**
But the money let me down yes it did
It **couldn't even buy me love, yeah**
So I gave Jesus, control of my life
And I'm really satisfied
Now I wanna let you know

Refreng 2

I dont get excited
About much, but I tell you this
If you wanna know the deal
I'm tellin' you Jesus He's real
He woke me up this morning
And started me on my way
That's a real nice thing

Refreng 1

Verse 2

Without Jesus, **say**
I couldn't face the day
Without the lord in my life
I really dont **wanne say**
But **I will say this**
Without the savior in my life
All I would do is fail
I would be tossed and driven
Like a ship in a storm
Without a sail
So I wanna let you know

Jesus is all the world to me

Jesus is all

Absolutely everything

When I was a wretch undone

He looked beyond my faults

And that's a real nice thing

Yeah, yeah, yeah

Jesus is all

Jesus is all the world to me

Jesus is all

Absolutely everything

Although he stretched his arms and died

He rose again with all power
